Reference: KAM AUTOMATIC SAMPLER SYSTEM

To Whom It May Concern;

CITGO Pipeline Company has installed a complete KAM AUTOMATIC SAMPLING SYSTEM at the Lake Charles, Clifton Ridge Terminal in 1996. The system has been tested, certified and achieved US Customs approval by means of water injection test conducted by an independent third party in accordance with API Chapters 8.2, 8.3, 10.9 and ISO 3171.

KAM CONTROLS personnel have provided unparalleled support for the installation during installation, start-up, operation, and testing of their equipment.

Sincerely,

Mike Sandlin
