**October 23, 1997**

### **TO WHOM IT MAY CONCERN:**

**In the spring of 1995, we installed a complete Kam Automatic Sampling System in our Corpus Christi Crude Terminal. The system was tested and certified in July of that year, and we secured U.S. Customs approval soon afterward.**

**We currently utilize this system for our shipboard crude oil purchases and are very pleased with its performance. We are convinced that our quality determination has escalated to a new level, and our dollar savings to date have been very impressive.**

**The Kam Controls personnel have continuously provided superior technical and mechanical support, and we wouldn't hesitate to recommend them.**

**Sincerely,**
